g) **DALTON E. HAMILTON MEMORIAL CWI OF THE YEAR AWARD**
(National/District/Section levels)

This award is sponsored by the American Welding Society in memory of Dalton E. Hamilton, who contributed greatly to the success of the Society’s Certified Welding programs. This award recognizes AWS members participating in the SCWI/CWI programs whose inspection, Society, and civic activities have enhanced public awareness of the Society and the CWI program or who have otherwise made an outstanding contribution to the science of welding inspection.

h) PRIVATE SECTOR INSTRUCTOR MEMBERSHIP AWARD

This award was established by the AWS Board of Directors as a means of honoring educators in the welding community who teach in private facilities. Qualifying criteria is similar to the Howard E. Adkins Instructor Membership Award but activities are performed in private facilities. Application submission date is August 1.

The national recipient(s) receives a certificate, one-year AWS membership, and free registration to attend the full Professional program held during the fall AWS show in the year the certificate is presented. The award presentation occurs at the annual Awards/Foundation Luncheon held during the fall AWS Show. For an application submitted August 2014, selected by the Awards Committee as the recipient, and approved by Districts Council spring 2015, the individual would receive their award material fall 2015.

IV. MEMBERSHIP AWARDS

a) DISTINGUISHED MEMBER AWARD - This recognition was created by the AWS Board of Directors to recognize outstanding service and commitment of AWS members to the Society and the welding industry.

The Distinguished Member classification honors those who have made major contributions at the local and national levels of the Society, participated in AWS education offerings and generated new members.

Distinguished Members receive a certificate and distinctive lapel pin in recognition of their achievements, a listing in the Welding Journal, and upon request a special letter of appreciation sent to the Distinguished Member's employer expressing appreciation for the firm's support. Applications are available off the Society’s website at www.aws.org. Upon completion and receipt of the application the certificate and lapel pin will be sent to the recipient unless otherwise advised. Due to multiple recognitions, recipient names are not listed in this directory. Upon presentation, recipients are listed in the Welding Journal.

b) DISTRICT MEMBERSHIP AWARD - This award, established by the American Welding Society, is to be given annually to the Section in each District registering the greatest net percentage increase in membership during the period January 1 to December 31.

These awards are to be determined on a weighted basis, whereby five points shall be allowed for each Sustaining Member, three points for each Member, two points for each Associate Member and one point for each Student Member. This award consists of a patch. The patch(s) are sent to the current District Director(s) for Section presentation.

c) HENRY C. NEITZEL NATIONAL MEMBERSHIP AWARDS - In 1950 Henry C. Neitzel, Chairman of the 1949-51 National Membership Committee, sponsored two awards to be given annually to those Sections of the American Welding Society which had either numerically or by percentage led all other Sections in net membership gain.

One award is given to that Section which has, during the period January 1 to December 31, accomplished the greatest net gain in number of registered members determined on a weighted basis.

One award is given to that Section which has, during the period January 1 to December 31, accomplished the greatest net percentage gain of registered members.

Computation of gain is based upon the member registration on December 31 providing the Section was an officially active Section all during the previous year. Each award consists of a banner or patch determined by the Section's past history.
d) **SHELTON L. RITTER NEW MEMBER PROPOSER CERTIFICATE AWARD**

This award, established by the American Welding Society, is given as a means of recognizing those individuals who receive 50 or more points for obtaining new AWS members during the period January 1 to December 31.

This is based on receiving five points for each Sustaining Member, three points for each Member, and one point for each Student Member obtained. The award consists of a framed certificate for all members receiving 50 points or more.

e) **STUDENT CHAPTER MEMBER AWARD** – The Board of Directors established this award for the purpose of recognizing AWS Student Members whose Student Chapter activities have produced outstanding school, community or industry achievements. This award provides an excellent opportunity for Student Chapter Advisors, Section Officers and District Directors to recognize outstanding students affiliated with AWS Student Chapters, as well as to enhance the image of welding within their community. Due to multiple recognitions, recipient names are not listed in this directory. Upon presentation, recipients are listed in the *Welding Journal*.

V. **ADDITIONAL INFORMATION**

a) **SECTION INDUSTRY SPONSOR RECOGNITION CERTIFICATE** – To promote and recognized a Section’s local industry sponsors, this appreciation certification program was initiated in 1989. Each fiscal year, five certificates will be made available to Section at no cost. Thereafter, a modest fee will be assessed for each additional certificate requested during that year. Certificates are inscribed with the name of the sponsor, Section name, year of sponsorship, and are signed by the AWS President. Space is also proved for the Section Chairman’s signature. Contact the AWS Membership Department for information.

Hamilton Certified Welding Inspector of the Year Award), to the AWS Awards Coordinator, by August 1 of that year. District and Section level winners shall be selected by the District Director and/or the District Awards Committee, and the names of the winners (for District and Section level awards) shall be forwarded to the AWS Awards Coordinator.

2.2 District Director Endorsements - The District Director shall attach a cover letter, typed on District letterhead, for each submission packet for the National Level Award, stating that the individual has been chosen as the National Level nominee from that District. The District Director, at his/her discretion, may endorse, or add comments about the merits of the nominees being endorsed. These comments may be considered by the selection committee. The lack of any letter from the District Director will be deemed by the selection committee to be a negative endorsement or adverse comment about the nominee.
2.3 Nominee Submissions - Submission without nominee’s knowledge with the prior approval of the District Director, an individual may be nominated and submitted of the National Level of this award, without his/her direct knowledge. This may be done by a Section or District Committee or ad-hoc task group that has the authority from the Section Executive Committee, or the District Awards Committee, to do so.

2.3.1 When a person is submitted for this award without his/her knowledge, the requirement for the individual to sign the award application is waived. In this instance, the leader of the ad-hoc task group will sign the award submission, and attest that the information is true to the best of his/her knowledge, by including the statement I certify that I have conducted an extensive review of this nomination, and to the best of my knowledge this application contains no incorrect or untrue statements, or exaggerations. Furthermore, I certify that to the best of my knowledge the nominee has no direct knowledge that his action is being taken on his behalf. This statement shall be place on the cover sheet to the unsigned application.

2.3.2 All the other requirements, and line items on the application form of the award submission must still be addressed and completed.

2.3.3 It is incumbent on such an Ad-Hoc Task Group to compile a credible and worthy submission packet which adequately describes the attributes that make their candidate worthy of this award. No extra consideration or dispensation will be given to a candidate because the nomination is submitted by a third party, or because it was impossible or too difficult to obtain such information without alerting the nominee.

2.4 Recommendation/Support Letters - Letters of recommendation shall be included with the nomination packet. All letters in support of a nomination shall describe specific instances of work experience that indicate meritorious activity, superior performance or special contribution to the field of welding inspection.

2.4.1 All endorsement letters supporting the nomination shall be dated within twelve months of submission for consideration except for self-employed nominees who are self employed and are providing letters according to 6.4.4 below.

2.4.2 A letter of recommendation shall be included from the candidate’s supervisor, but in special situations may be from another party such as an employer or contract manager. The letter shall be from a management type of person, directly involved with the work of the nominee. The letter shall be on official letterhead for the company involved.

2.4.3 A letter of recommendation shall also be included from the candidate’s peer inspector. The letter shall be from an AWS Certified Welding Inspector directly involved with the work of the nominee. The letter should be on official letterhead of the company involved.
2.4.4 When an individual who is self-employed is applying for, or is being submitted for this award, the requirement for the supervisor letter and a peer letter is waived. Instead of a supervisor or peer letter, the submission shall contain other letters describing the nominee’s functions and meritorious accomplishments. These letters shall be obtained from individuals, who have first hand intimate knowledge or anecdotal knowledge, of the nominee’s activities.

The persons submitting the letters shall come from one or more of the following:

- a customer, contractor, government agency, owner, and engineering firm involved in the inspection
- an associate involved in quality control or acceptance inspection
- a regulatory agency or third party surveillance company who can describe in detail the nominee’s activities
- a law firm, or attorney involved with the inspection activity
- other persons that can present credible evidence of meritorious activities.

Additional supporting documentation is usually helpful, and may be considered by the selection committee. Such additional information is not mandatory for consideration or selection.

3.4 Copies of diplomas, certificates, awards, certifications, and letters of appreciation may also be included whenever appropriate.

4. Three Year Activity

Nominations shall be valid for three years. At the end of the third year following the initial submission, the nomination packets of those who have not been selected shall be considered invalid. 6. Award Level

The application shall designate the level of award for which the nominee is to be considered.

7. Self-nomination

However, all nominations submitted by an individual, must go through the District Director, the Section Executive Committee, or the Section Awards Committee for further consideration. Nominations submitted directly to the Certification Committee, or to the AWS Awards Coordinator, without going through the Sections or Districts, except for those covered by 6.10 below may be rejected without comment by the selection committee.

8. Section and District Affiliation

Nominations for individuals who are not part of a Section structure, (such as unaffiliated overseas members) may be submitted for further consideration, and will be considered on a case by case basis. Such nominations will not be considered, if in the opinion of the selection committee, there is no compelling reason that the person could not belong to and participate in a Section.
