### TENNECO'S OVERVIEW

Since becoming a standalone company in 1999, **Tenneco** (NYSE: TEN) has grown to become one of the world's leading designers, manufacturers and distributors of clean air and ride performance products and systems for the automotive and commercial vehicle original equipment markets and the aftermarket. The company is well-balanced across product lines, markets served and geographic regions.

Using a combination of leading-edge technology, manufacturing expertise and dedication to customer service, Tenneco has increased revenues to \$7.4 billion annually and penetrated new markets to solidify its leadership in the global automotive supply industry.
