The purpose of an errata sheet is to notify the public that a published standard has a typographical error. Errata sheets provide a list of errors and their corrections on an AWS standard introduced during the publication stages.

The following Errata have been identified and will be incorporated into the next reprinting of this document.

Page 82 – Table 4.2 (B) Fillet Welds – last column for Plate T-test Multiple pass under the heading “Sizes Qualified” and subheading “Fillet Weld Size,” change “smaller” to “larger” in the second row.

Page 132, Subclause 6.15.10(1) – Incorrect reference to annex – Change reference from “(see Annex H Figure H-1)” to “(see Annex O Figure O-1)”.

Page 156, Figure 6.21: Moved illustration from Figure 6.22 to Figure 6.21 in order to correctly portray discontinuity height dimension. Also corrected title and added cross references so caption reads "Discontinuity Height Dimension (see 6.21.2.1, 6.21.2.2, and 6.21.2.3)."

Page 157, Figure 6.22: Moved illustration from Figure 6.21 to Figure 6.22 in order to correctly portray discontinuity length dimension.
